Change name of EmployeeDepartment class. For example JobTitle.

For branche names think of the features.

For next meeting (Tuesday) start on test specification/plan, should be done by end of week 5.  
(Thursday or Friday) Send this to another group and you will get a test report back.

You will also test another teams application.

By the end of week 5 you need a version of the application that is ready to be tested.

One test case per use case is enough for now. (10-20 in total)

Next meeting we will review our Trello.
